

MONEY WIRE INSTRUCTIONS

Please transfer your tuition fees only after you have obtained the invoice from us.

In case you don't have your own bank account yet, we strongly advise to open an account in US Dollars. You may ask your bank to operate the money transfer via SWIFT. All necessary university bank information is noted on the invoice that you will receive from us.

The fees that you will have to cover include those of the sending, of the receiving, and in some cases also of a possible corresponding bank.
